THIRD YEAR.

MAYSVILLE, KY., MONDAY, AUGUST 13, 1894.

ONE CENT.

IT'S SO IF  
IT'S IN  
THE  
LEDGER.

The commencing train to Park Hill yesterday had about twenty-five from this place.

Miss Isa Richeson, reported ill some time since, is now entirely restored and is on a visit to the family of her cousin, Colonel C. B. Ryan, at Cincinnati.

The remains of Mrs. Rachel Jacobs, from Kansas City, Mo., came up on No. 18 yesterday morning en route for Lexington. Mrs. Jacobs left this place about nine years ago for the West, stopping at Kansas City, where she remained up to the time of her death. She died of old age.

Large numbers of the Coxietes and Fryites and Kellyites and Galvinites, who floated and footed it past here for Washington, are now returning West over the C. and O., having been furnished transportation by the authorities of the District of Columbia. They are now satisfied of the failure of their scheme.

Around Middletown where they are raising corn on land which sold a few years ago for \$350 a front foot, and fine pasture lands roll away in green forgetfulness of the dizzy dreams of wealth they cover. Nothing in our wonderful country is more wonderful than the life and fall of this magic city of the Cumberland Gap, whose town lots are now the home of the mild eyed kine and whose magnificent houses are the trysting places of the bats.

PERSONAL

Miss Bennie Childs returned from a visit to Cincinnati Saturday night.

Samuel Gray was one of the few that went to Park Hill yesterday.

Hamlet C. Sharp attended the camping meeting at Park Hill yesterday.

C. W. Darnall and daughter, Miss Anna, went to Elizaville yesterday.

Mr. John J. Broese, Clerk of the Central Hotel, left Saturday for Hot Springs, Va.

Mr. George Nie, Maysville's great catcher, was in Lexington yesterday visiting his relatives.

Miss Carrie Barkley of Covington is entertaining her cousins, the Misses Barkley of this city.

Letter Carrier J. W. Hughes of Lexington was in this city Saturday en route home at Niagara Falls.

Miss Corinna Clinkbeard of this city is visiting relatives and friends at Winchester and Lexington.

Mr. A. F. Thomas, who accompanied his wife and son to Portsmouth Saturday, returned home this morning.

Misses Minnie and Reta Gerst are here from Pittsburgh on a visit to their grand mother, Mrs. Jacob Joeger.

Mrs. Lillie Linn of Charleston, W. Va., is visiting her parents, Mr. and Mrs. Charles Wallford of Forest avenue.

Miss Magie Kirby, one of Covington's most charming young ladies, spent Sunday with Miss Nettie Powell of East Third street.

It takes \$3 and costs to cure a case of vertigo in the Police Court.

Up near Ashland more than 300 enterprising citizens attended a cakewalk, while less than 100 fogies could be found at a camping. Thus saith The News.

Officer Purnell found Martin Greulich Saturday night overcome with a gay spell. Martin was trying to make a donation to the underwriters. His house on East Fourth street was the scene. But Martin is all right this morning.

FANNED AWAY.

Mrs. F. F. Gerbrich, after a lingering illness, died this morning.

This morning at 4 o'clock Mrs. Rena Gerbrich, wife of F. F. Gerbrich the piano man, died at her residence on West Second street.

Mrs. Gerbrich had been ill for some time, but not until recently had her illness become serious, and even then her friends—who are numbered by the thousands—gave her so much encouragement that she held on to life until this morning.

Mrs. Gerbrich was the daughter of W. A. P. Lurty, formerly in business in this city, but who now resides in Dover, and a sister of Mr. Charles Lurty of Lexington.

The funeral will occur Wednesday morning at 9 o'clock at the residence, and the interment will be private.

Friends are invited.

WE TOLD YOU SO!

We knew the Maysvilles Could Win if They Tried.

The morning game Saturday only attracted a small crowd, but those who did go were amply repaid by witnessing a lively contest.

The game was always in doubt, and kept everybody guessing as to where the victory would land.

Sparks, after a long rest, was in the box for the locals, and while he was touched up for twelve hits, he kept them well scattered, and was very effective at critical times.

Captain Wadsworth made a wholesale change of positions in his team, and it worked like a charm.

The locals have four errors charged up to them in the game, but Rogers's misjudgment of a long fly from Hornberger's bat was the only costly one.

Hermann, the "wizard," pitched for Cyathians, and was hit a great deal harder than the score indicates. Bruner got three hits off him and "Nervy" Nie grabbed two beauties. Sparks is also credited with two. It was his hot "tomato" to short that was too sultry for Hornberger to handle that sent in the winning run.

The locals opened the ball in the second. Nie hit to third, Curt threw low to first and "Nervy" kept on to second. Wadsworth hit to right for a base, and Nie went to third, while Wadsworth stole second. Bruner hit one down the alley past third for a single, and Nie and Wadsworth scored.

The visitors tied the score in their half. Murphy hit to center for two bases. Douglas hit over third. Hornberger's hit to left caught Murphy at third. Curtis hit over second for a base, and Sullivan scored. Hornberger tallied on Sullivan's single to right.

Neither side got a man to counting territory until the seventh, when the locals earned a run. Bruner pushed one into right for a single, porpoised second and scored on Sparks's left into right for a bag.

Maysvilles took on a batting rally in the eighth and scored three runs. Nie started the fusillade of hits by smashing a good one over second for a base, and scored second. Wadsworth sacrificed Nie to third. Wellner then sent a screamer past second for a single, and Nie trotted home. Hill worked a base on balls. Sparks started a hot one down to center, which Hornberger grabbed, but relinquished it immediately, and two more locals scampered home. Maysville now had four runs the best of it.

The visitors worked hard to overcome this lead, but fell short, and the two teams broke even on the series.

Time of game—One hour and fifty minutes.

DIAMONDLING.

The Washingtons defeated the Murphys Saturday by a score of 8 to 6.

The Cyathians played at Millersburg Saturday afternoon and defeated the team from that place by a score of 9 to 4.

Wellner will pitch the game against the Shamrocks tomorrow. He is confident he can keep them guessing. Wellner held the Cincinnati Reds down to ten hits in a game at Hamilton, O., last month.

If Wellner had received anything like the support in Friday's game that was given Sparks, his feat in Saturday's game, the Cyathians would have left here with two defeats instead of one.

A gentleman from the West End was so pleased with Sparks's work Saturday that he sent him a lovely bouquet. Charley is recovering rapidly, and it won't be long before he is as good as new.

With practice, which he lacked in two games which he has played here, Wellner will come around all right and prove a great acquisition to the locals. The knowing ones have a great deal of respect for his ability as a twister.

The mighty Shamrocks, the pride of Cincinnati and the best amateur professional team in Ohio, will be here tomorrow for one game. This will be gratifying news to a number of our baseball enthusiasts, who have been anxious to see the Shamrocks play the locals at home.

Our boys are playing good ball now, and everybody that can possibly do so should be on hand tomorrow afternoon and encourage them to win. If our boys play with the vim and vigor they displayed Saturday's game, the Shamrocks have got anything but a cinch.

The Postoffice at Gerta, Brown county, O., has been discontinued.

The Democratic Executive Committee will meet at the County Clerk's office at 11 a. m. today.

The White Collar Line will soon build the finest steamship ever seen on the Western waters. It will be planned after the style of the Eastern floating palaces.

William T. Holmes, aged 36, a member of the Tiled Kitchen Laundry, died at the Soldiers' Home, Dayton, O. His remains were shipped to his widow, Mattie B. Holmes, at Danville.

The Reeves family of Greenup were given a preliminary hearing for the murder of Leander Coffey, and each of the six prisoners admitted to bail in \$200. The small amount of bond required has created considerable surprise.

Sterling John H. Cannon of Knox county was taking a colored prisoner to Frankfort. The L. and N. employees required him to ride with his prisoner in the Jim Crow car. He sued the railway company for \$5,000 damages, and a jury gave him \$1,500. Where will this Jim Crow foolishness end, anyhow?

A car containing about seventy of Kelley's hogs went West on No. 17 yesterday morning. They left Washington Friday afternoon, traveling on second class tickets furnished by the authorities at that place. They are bound for St. Louis.

Harry West, who formerly worked in the laundry in this city, was among the number.

Mr. Joseph Grimes, an old Maysville boy, who is only 36 years of age, and who is recognized as the fattest man in this country, stepped on the scales at Newport Saturday and tipped the beam at 481 pounds. Mr. Grimes has traveled all over the country with the leading shows for the past eight years and has never been equaled in his weight by any person.

The Democratic of Greenup county will hold their convention Saturday, August 19th.

The earnings of the C. and O. for the week in August were \$211,311, an increase of \$13,041.97 over the corresponding week of 1893.

Hon. W. H. Daugherty has been Superintendent of Public Schools in Bath county for twenty-nine years. He retires from office today.

Frank Costigan of Helena, Montana, has been appointed a member of the Mason County Democratic Executive Committee, to succeed the late Septimus D. Clark.

Dr. A. H. Pollock and wife of German town celebrated the sixty-first anniversary of their marriage August 1st. He, at 84, is very sprightly. She is 78 and quite feeble.

During the past several days there has been 251 business failures throughout the United States, against 394 the corresponding week of last year. For the five weeks ending August 1st, failures reported showed liabilities of \$11,144,715, of which \$5,639,346 were of manufacturing concerns and \$5,505,347 of trading concerns.

The crisis has been reached in the affairs of the striking shopmen at Pullman, who, since the strike, have been permitted to remain in their homes with only paying rent. Room must be made for the families of the 1,000 new employees, and the only hope left to save the strikers' families from eviction is to return to work. There is, however, only room for about 600 more men at Pullman. About 3,000 people will be effected when the evictions are begun, which will be in a few days.

Political Influence.

The young enthusiast in politics went to offer his services for the campaign to an old wheelhorse who had seen service and done it, too, before the youth was born.

"What can you do?" asked the veteran.

"I can raise my voice in defense of our principles all over the state," was the proud reply.

"Um—um—yes—er—anything else?"

"I can raise party clubs everywhere."

"Um—um—yes—anything else?"

"I can raise the spirit of patriotism in every village."

"Um—yes—anything else?"

"I can raise the standard of revolt against corruption."

"Ah! Um—yes—anything else?"

"The young man's enthusiasm was jarred."

"Great Caesar," he exclaimed, "isn't that enough?"

"Hardly."

"What more could you want?"

"Can you raise \$10,000?" asked the veteran, in a profoundly yearning tone, and the enthusiasm vanished with his enthusiasm.

THERE was a senseless clamor in this country for "cheap" things. Well, we've got 'em—cheap wheat, cheap clothing, cheap workmen. How do you like the cheapness? A few more moves in the same direction and the United States will be as cheap a country as China, which is a striking object lesson of what cheap things mean.

CHEAP four means cheap wheat; cheap wheat means the farmer's loss; the farmer's loss means his inability to pay from the merchant, and this in turn means the withholding of the merchant's order to the manufacturer. This closes the factory and throws its operatives out of employment. And this means want and hunger. How do you like the cheap demagoguery of cheap things?

Just before the country passed into control of the present Administration, January 31, 1903, the gold reserve in the National Treasury was \$108,000,000. A Free-Trade and year later, says the National Finance American Economist, on January 31, 1904, it had been reduced to \$65,000,000. By the aid of a \$50,000,000 bond gold loan, and the premiums of \$8,000,000 on that loan, the reserve was again restored above its legal limit of \$100,000,000.

Last month, July 23d, the gold reserve had again fallen to \$60,275,000. Deducting therefrom the \$50,000,000 gold loan and the \$8,000,000 of premiums on the loan, we would have only \$2,275,000 remaining as the balance of the Treasury's gold reserve to maintain the credit of the country after less than eighteen months of a Democratic Administration that has threatened the country with Free-Trade.

National Gold Reserve.  
January 31, 1903.....\$108,000,000  
July 23d, 1904.....\$60,275,000  
Deduct:—  
Gold loan.....\$50,000,000  
Premiums.....\$8,000,000  
\$68,000,000  
Balance without loan.....\$2,275,000  
No account has been taken of the \$10,000,000 in gold secured from New York bankers last month by a transfer of funds in order to relieve the Treasury gold fund. Without this \$10,000,000 and without the loan the gold reserve would have been completely wiped out of existence, and there would have been a deficiency of \$7,275,000 in meeting the demands for gold that have actually been made upon the Treasury with not a dollar of gold security left for the payment of Treasury gold notes.

This is the result of less than eighteen months of a Democratic Administration and the fear of Free-Trade.

ABOUT the only things that have not been cheapened by the threat of Free-Trade are the Democratic statesmen in Congress and Grover's salary.

Our learned friend of The Bulletin a day or so since had something to say about the decline of prices for wheat during the last year of the late Republican Administration.

Come to think of it, that is a uneasy subject.

Under Republican Administrations, from 1860 to 1884, wheat commanded the average highest price ever known in this country, reaching \$2.50 a bushel in 1867.

In October, 1883, just a month before Mr. CLEVELAND's first election, it was quoted at \$1.31 cents per bushel.

In December, 1884, nine months after CLEVELAND went into office, it was down to 96 cents, and that was the highest point it reached during his whole term, going as low as 69 cents.

In 1888 Mr. HARRISON was elected, and during 1889-90-91 wheat ranged from \$1.00 to \$1.10.

In October, 1892, a month prior to CLEVELAND's last election, it was down to 91 cents, and in July, 1903, under CLEVELAND, it was quoted at 88 cents.

In this year of grace and GROVER, A. D. 1904, it is worth in Mayville from 35 to 45 cents per bushel—and that in spite of the fact that the Editor of The Bulletin howled himself hoarse with the battery, "Vote for CLEVELAND and get \$1.25 for your wheat!"

Ask us something else, neighbor.

The Tennessee Supreme Court has impeached Judge John R. Talley, of the Sixth Judicial Circuit, for complicity in the killing of Robert C. Ross, who ruined the former's sister-in-law. The trial attracted much attention throughout the state. Judge Talley's participation in the crime consisted in sending a telegram preventing a warning from being delivered to Ross. Talley, as a result of the decision, will have to stand trial on the charge of murder in the first degree.

Triple Drowning in Bloody Run Creek, Near Cincinnati.

Three Young Lads Become Mired in the Treacherous Mud.

The Heavy Muds Had Swallowed the Family Sluggish Stream. The Horrible Death of a Boy. Horrified beyond expression he stood and gazed upon it for a moment, and then, recovering himself, called for help.

Three sets of clothing were found, on examination to be in the pile on the bank and a hunt was at once made for the other two bodies. In a few minutes they were also found in the hole and brought to the bank, where they lay side by side.

Later in the afternoon the bodies were identified as Matthew Slattery, 14 Wm. Slattery, aged 12, and Frank Slattery, aged 10. The Slattery boys' parents live at 57 Symmes street, Walnut Hills. They were identified by the boys' fathers, who had been attracted to the place by the fact that the boys were missing from home, and the realization of their grave fears was a hard blow.

The only explanation that is thought plausible for the drowning of all three of the lads is that one of them got beyond his depth or was seized with cramp, he called to the other boys for help, and they responded and went down with him.

Arctic Explorers Return.  
ST. JONKS, N. E., Aug. 13.—The steamer Cook Lake arrived at Labrador and brought an American hunting and exploring party consisting of Messrs. Linsaver, Tenny, Titus and Reed, who were landed from the steamer Miranda, carrying the Cook Arctic expedition. They report that other exploring parties were north of them. The steamer reports quantities of ice along the coast. The captain still thinks that the whole northern sea covered with the ice, and the Arctic exploration very dangerous. It is reported that the schooner Princess Alice, with three of the crew, has been lost.

Five Prisoners Break Out of Jail.  
LOANPORT, Aug. 13.—Five prisoners broke jail early Sunday morning by sawing out a steel plate and breaking a hole through the south wall. Those who escaped are Joe Lorna, Joe Shovenick, Harry Thompson, Edwy Sullivan and Clifford Cook. This is the second jail delivery in six months, and Sullivan, who engineered this job, has figured in several other affairs of the same kind.

A Hope That Congress Will Quit.  
WASHINGTON, Aug. 13.—The hope is general here that the session of the present will be the last week of the session. This is based upon belief that the tariff bill will be disposed of in some way early in the week, and that the present out of the way, final adjournment can be brought about at almost any time.

## SHERMAN'S VIEWS.

The Ohio Senator Believes Political Parties Should Be Debased by a Tariff Commission. WASHINGTON, Aug. 13.—"The more thought I give to the tariff question," Senator Sherman said Sunday night, "the more firmly am I convinced that the true solution, and the only one that will bring comfort to the business community and adequate relief to the government, is to take the whole matter out of politics and place the making of tariff laws in the hands of a nonpartisan commission."

"But would not congress revise and perhaps overhrow the work of a tariff commission, as they did in the case of the Oliver commission?" Senator Sherman was asked.

"That is precisely the danger to guard against," said he. "Some device must be hit upon which shall make the work of a commission final. My notion is that this can be done in one way only. Let the republican party decline in its platform, in 1896, that it is in favor of putting an end to tariff agitation by the appointment of a nonpartisan commission of experts to draft a bill, which it promises shall be passed by congress without revision or important amendment. The next congress will be republican probably, and if it is, the party will have an opportunity to appoint a commission which will give our people the law which will satisfy the country, for many years."

"If a fair, honest bill is made leaving an average rate of duty of about 35 per cent—except upon some of the luxuries where it might be 50 per cent, or more, and making the tariff when practicable—it will receive the support of the majority of the people and business will quickly adjust itself to it, and there will be no more periods of uncertainty, for public sentiment will be strongly opposed to any further changes in the tariff law."

The other commission prepared an excellent tariff bill but congress destroyed it. I think it will be an easy matter to get a commission that will draft a scientific, honest, satisfactory law along protection lines, and if the country is once given such a law, I am confident that it will stand for many alterations in it. We shall have a welcome and much needed period of freedom from change and heated discussion of the subject, and business will respond favorably and quickly to the new conditions."

GREAT BRITAIN.  
A Very Large Percentage of the Population Mentally Unsound.

LONDON, Aug. 13.—The forty-eighth report of the commissioners of lunacy, recently made public, is not pleasant reading. It is, to say the least of it, distressing intelligence to be officially reported that at the commencement of the present year there were in our midst 26,007 lunatics, idiots, and persons of unsound mind, a number 2,545 in excess of the returns of the previous year, and making the largest total of those afflicted in this way as yet officially recorded.

The increase is reported to have been fairly general throughout England and Wales, though what is known as the London district is about to be providing for 1,800 more pauper lunatics than were accommodated during the present year. The gravity of this announcement is, to a certain extent, discounted when the corresponding increase in the population is taken into account. The total of the insane person in 316 for the year under notice, as compared with one in 331 during the previous year. It would, however, have been more satisfactory had it been possible to record even the slightest decrease. What can be the reason for the increase? Is it the Primrose League, the Jakes Hall or the London League, or the Nonconformist conscience?

A Church Sinner Kills His Wife.  
BROOKLYN, N. Y., Aug. 13.—Thomas Holt, janitor of the Church of the Atonement, of Fifth avenue and Seventeenth street, shot his wife three times Sunday night at their home in Brooklyn, and then set her on fire with a razor. She died soon afterward. For the past two weeks Holt has been acting strangely.

Triple Drowning.  
CLEVELAND, Aug. 13.—Mrs. Alice R. Envy, Cora Johnson and Grace Lovell, aged 10, 18 and 17, respectively, were drowned in the American river Saturday. They were washing in the river when one of them fell. The others went to her assistance and all were drowned.

A Gigantic Reel.  
ALTONA, Pa., Aug. 13.—It is now asserted that the amount stolen by Harry A. Gardner, the abandoned cashier of the Second National bank, is \$150,000. The institution and its books are still in the hands of Bank Examiner Miller, who refuses to furnish any information to the press.

To Rescue the Wellman Party.  
THOMSON, Norway, Aug. 13.—Capt. Rottosen, of the lost steamer Ragnarvald, was dispatched by the United States consul on August 1st, to the Aglyen, with provisions and clothing, to seek Walter Wellman's party in Spitzbergen and bring them home.

The Swimming Record Lowered.  
FORT WYNN, Ind., Aug. 13.—L. D. Blonfield, champion swimmer, Sunday afternoon swam two miles in the St. Joe river in 53:45. Mr. Blonfield claims that this beats all records more than ten seconds. Several thousand people saw the exhibition.

A Little Rock Citizen Murdered.  
LITTLE ROCK, Ark., Aug. 13.—Thomas W. Hannan, a prominent merchant of this city, was murdered by an unknown Negro at a late hour Sunday night. Robbery was the motive for the crime. The murderer escaped, but bloodhounds were placed on his trail.

Head of the World.

The success of Mrs. Annie M. Beam, of McKeesport, Pennsylvania, in the treatment of diarrhea in her children will undoubtedly be of interest to many mothers. She says: "I spent several weeks in Johnstown, Pa., after the great flood, on account of my husband being employed there. We had several children with us, two of whom took the diarrhea very badly. I got some of Chamberlain's Colic, Cholera and Diarrhea Remedy from Rev. Mr. Chapman. It cured both of them. I knew of several other cases where it was equally successful. I think it cannot be excelled and cheerfully recommend it." Twenty-five and 50 cent bottles for sale by Theo. C. Power, Druggist.

Many who have noticed the beautifully lighted stores of Messrs. W. C. Miner, J. H. and J. C. Pecor have wondered what new style electric lamp they were using. The fact is, however, that the light is made from plain every day glass with the Welshbach incandescent burner and it can be fitted to any gas fixture in five minutes. The Welshbach consumes about half as much gas as the ordinary trip burner and gives nearly four times as much light and so flickering—absolutely steady soft, white light that is grateful to the most sensitive eye. For prices and full particulars call on Balleger the Jeweler.

Mr. Thomas Batte, editor of the Graphic, Texarkana, Arkansas, has found what he believes to be the best remedy in existence for the flux. His experience is well worth remembering. He says: "Last summer I had a very severe attack of flux. I tried almost every known remedy, none giving relief. Chamberlain's Colic, Cholera and Diarrhea Remedy was recommended to me. I purchased a bottle and received almost immediate relief. I continued to use the medicine and was entirely cured. I take pleasure in recommending this remedy to any person suffering with such a disease, as in my opinion it is the best medicine in existence." Twenty-five and 50 cent bottles for sale by Theo. C. Power, Druggist.
